India's New-Age Space Technologies: From Space Exploration to National Development

From next-generation launch vehicles and autonomous spacecraft docking to satellite communications and advanced Earth observation, India's expanding space capabilities are opening new frontiers for innovation, enterprise and skilled employment.

India's space journey began with the launch of a sounding rocket from Thumba, Kerala, on November 21, 1963. Guided by the vision of Dr Vikram A. Sarabhai, the country gradually built an indigenous space programme focused on applying science and technology to national development. The Indian Space Research Organisation (ISRO), estab-lished in 1969, has since developed capabilities spanning launch vehicles, satellites, navigation systems and advanced space missions.

Today, India's space programme is entering a new phase. Reusable launch vehicles, electric and green propulsion, autonomous spacecraft operations, advanced satellite systems and human spaceflight are expanding the boundaries of indigenous technological capability. These developments strengthen national self-reliance while creating opportunities for research, manufacturing, private enterprise and specialised skills.

Space technology is already integral to everyday life. Communication satellites extend connectivity, Earth-observation satellites support agriculture and environmental monitoring, and weather satellites help track cyclones and monsoons. Satellite-based information assists disaster management, resource planning, governance and national security. The value of space technology therefore lies not only in reaching distant destinations but also in improving life on Earth.

As India advances towards more complex missions, the challenge is to translate scientific achievements into a robust industrial ecosystem that can develop competitive products, deliver advanced services and create opportunities for skilled professionals.

Next-Generation Launch Vehicles: Making Access to Space More Efficient

A nation's ability to build and operate its own launch vehicles is fundamental to its access to space. India's launch capabilities have evolved from relatively small rockets to operational vehicles capable of carrying heavier payloads. The Polar Satellite Launch Vehicle (PSLV), Geosynchronous Satellite Launch Vehicle (GSLV), Launch Vehicle Mark-3 (LVM3) and Small Satellite Launch Vehicle (SSLV) serve different mission requirements.

The next major step is the development of the Next Generation Launch Vehicle (NGLV). Approved by the Union Cabinet in September 2024, the programme has an outlay of Rs. 8,240 crore, covering deve-lopment, three developmental flights, essential facilities, programme manage-ment and the launch campaign.

The NGLV is designed to carry payloads of up to 30 tonnes to Low Earth Orbit—three times the 10-tonne-class capability of LVM3 described in the source backgrounder. A partially reusable variant with a 14-tonne Low Earth Orbit payload capability is also being developed to support lower-cost access to space.

The NGLV is expected to support national and commercial missions, including future human spaceflight, the planned Bharatiya Antariksh Station, lunar exploration and the deployment of communication and Earth-observation satellite constellations.

For the workforce, these developments create demand for expertise in propulsion engineering, aerodynamics, materials science, structural design, avionics, flight software, systems integration, precision manufacturing and testing. Technicians and quality-assurance specialists will also be essential to ensuring that complex launch systems meet demanding standards of reliability and safety.

Reusable Launch Vehicles: Towards Affordable Space Access

Conventional launch vehicles are generally designed for single use. Reusable launch vehicle technologies seek to recover and reuse major components, potentially reducing launch costs and improving operational efficiency.

ISRO has demonstrated autonomous runway-landing technologies through its winged Reusable Launch Vehicle techno-logy demonstrator, Pushpak. Three RLV Landing Experi-ments were comple-ted on April 2, 2023, March 22, 2024 and June 23, 2024. The third experiment validated autonomous landing under more challenging cross-range and wind conditions.

Developing reusable systems requires advances in atmospheric reentry, autonomous navigation, aerodynamic control and precision landing. Scramjet technology is another area of interest. A scramjet is an air-breathing engine that draws oxygen from the surrounding atmosphere rather than carrying an oxidiser onboard. Its potential applications are associated with very high-speed atmospheric flight and future space-transport concepts.

Such technologies depend on multidisciplinary teams combining aerospace engineering, robotics, sensors, control systems, simulation, software development and advanced materials. They also create opportunities for industrial suppliers involved in components, testing equipment and specialised manufacturing.

The development of these capabilities can strengthen India's technological base while encouraging innovation across related sectors.

Indigenous Propulsion: Building Critical Capabilities

Propulsion systems are among the most important technologies in space missions. Indigenous development of engines, thrusters, propellants and power systems helps reduce dependence on external suppliers and gives the country greater control over mission design and operations.

Electric propulsion is one promising area. It uses electrical energy to accelerate propellant and generate thrust. Compared with conventional chemical propulsion, it can achieve orbital changes using much less propellant, reducing fuel requirements and freeing up spacecraft mass for useful equipment.

On March 27, 2025, ISRO completed a 1,000-hour life test of its indigenous 300 mN stationary plasma thruster. The backgrounder notes that its specific impulse— a measure of propulsion efficiency— is at least six times that of conventional propulsion systems. The technology is intended for validation aboard the Technology Demonstration Satellite (TDS-01) and could support future electric-propulsion satellites.

Green propulsion is another area of development. ISRO is exploring alternative propellants and liquid oxygen–kerosene combinations for semicryogenic rocket-engine applications. Separately, under the Defence Research and Development Organisation's Technology Development Fund, Bengaluru-based Bellatrix Aero-space developed a one-newton-class green monopropellant thruster for micro-satellite attitude control and orbit keeping. Its in-orbit functionality was demonstrated aboard PSLV-C58 in January 2024.

India is also exploring radioisotope heating and power technologies for possible future lunar and Mars missions through collaboration between ISRO and the Department of Atomic Energy.

These areas of research offer specialised opportunities in chemical engineering, plasma physics, thermal systems, mate-rials science, electronics, instrumentation and experimental testing. Their wider industrial value will depend on successful testing, validation and adoption in future missions.

SpaDeX and the Future of In-Space Operations

Space missions increasingly require spacecraft to perform complex operations after launch. Rendezvous, docking and undocking are essential for missions involving space stations, coordinated spacecraft and certain lunar exploration objectives.

ISRO's Space Docking Experiment (SpaDeX) marked an important milestone.

India's New-Age Space Technologies: From Space Exploration to National ...

The two satellites first docked on January 16, 2025. A second docking, completed autonomously on April 20, 2025, demonstrated operations from an inter-satellite distance of 15 metres. Bidirectional power transfer between the docked satellites was demonstrated on April 21, 2025. With these achievements, India became the fourth country to demonstrate space docking, after the United States, Russia and China.

Docking technology is a building block for more advanced in-space operations. In the future, servicing spacecraft could potentially refuel, repair or upgrade satellites in orbit, extending their operational lives and reducing the need for replacement missions. Such capabilities will be relevant to the planned Bharatiya Antariksh Station and other complex missions.

The development of autonomous spacecraft operations requires expertise in robotics, guidance and navigation, sensors, control engineering, embedded systems, communication networks and mission planning. It also highlights the importance of precision, simulation and rigorous testing—skills relevant to advanced manufacturing and other high-technology industries.

Navigation, Communications and Earth Observation

India's space capabilities support essential services through satellite navigation, communications and Earth observation.

The Navigation with Indian Constellation (NavIC), developed and maintained by ISRO, is India's independent regional satellite navigation system. It provides positioning, navigation and timing services across India and up to 1,500 kilometres beyond the Indian mainland. Its services support civilian applications as well as authorised strategic requirements, including terrestrial, aerial and maritime navigation, surveying, vehicle tracking and emergency warning messages for fishermen.

Communication satellites support television broadcasting, broadband, telecommunications and secure communications. GSAT-N2, also known as GSAT-20, was launched on November 19, 2024. With a capacity of approximately 48 Gbps, it is designed to support broadband and in-flight connectivity across India, including remote island regions.

Earth-observation satellites have equally important applications. Their data supports agriculture, disaster management, water-resource planning, climate research and environmental monitoring. The NASA-ISRO Synthetic Aperture Radar (NISAR) mission, launched on July 30, 2025, uses NASA's L-band and ISRO's S-band radar frequencies. Its ability to collect observations through clouds and in darkness makes it valuable for monitoring changes in land and ice-covered surfaces, ground deformation, vegetation and natural hazards.

India's Hyperspectral Imaging Satellite (HysIS), launched in 2018, records information across numerous narrow bands of light. Such data can help distinguish surface characteristics relevant to agriculture, forestry, geology, coastal zones and inland waters.

These applications broaden employment opportunities beyond rocket and satellite construction. Geospatial analysts, remote-sensing specialists, data scientists, software developers and geographic information system professionals can turn satellite observations into practical solutions for government agencies, businesses and communities.

A Growing Space Economy: Opportunities for Enterprise and Employment

India's space sector is increasingly combining public-sector research with private enterprise, start-ups and commercial services. NewSpace India Limited (NSIL) has signed 118 Technology Transfer Agreements to transfer 83 technologies developed by ISRO to Indian industry. This process can help enterprises adapt indigenous technologies for products and services, strengthen domestic supply chains and participate in emerging markets.

According to the Department of Space, India's space economy is targeted to reach US$44 billion by 2033. The backgrounder also reports cumulative investment of approximately US$618.5 million in Indian space start-ups as of March 31, 2026.

These figures point to a growing ecosystem, but the conversion of investment and technology into sustainable employment will depend on industrial demand, business viability, skills and market access.

Career opportunities can emerge across aerospace and electronics engineering, propulsion research, satellite communications, robotics, artificial intelligence, cybersecurity, geospatial analytics, precision manufacturing, testing, quality assurance, project management and technical entrepreneurship. The sector also requires professionals in finance, legal and regulatory affairs, procurement, supply-chain management, marketing and business development.

Students and jobseekers should therefore look beyond the conventional image of a space scientist. Space missions depend on multidisciplinary teams, including engineers, technicians, software professionals, designers, analysts and manufacturing specialists. Strong foundations in mathematics, science, computing and problem-solving can provide a starting point, while practical projects, internships, technical training and industry collaboration can help develop job-ready capabilities.

Preparing Talent for the Next Frontier

India's emerging space technologies require a continuous pipeline of skilled talent. Educational institutions, research laboratories, public-sector organisations and private companies can contribute by promoting practical learning, research projects, internships and collaboration on real-world challenges.

Technical education must be complemented by an understanding of systems engineering, safety, reliability and quality assurance. Space technologies operate under demanding conditions, making disciplined testing and continuous learning indispensable. As the sector expands, opportunities will depend not only on scientific breakthroughs but also on the availability of professionals capable of translating research into reliable products and services.

The road to self-reliance is therefore both technological and human. Indigenous launch vehicles, propulsion systems, spacecraft operations and satellite applications strengthen national capabilities; a skilled workforce enables those capabilities to mature into sustainable industrial strengths.

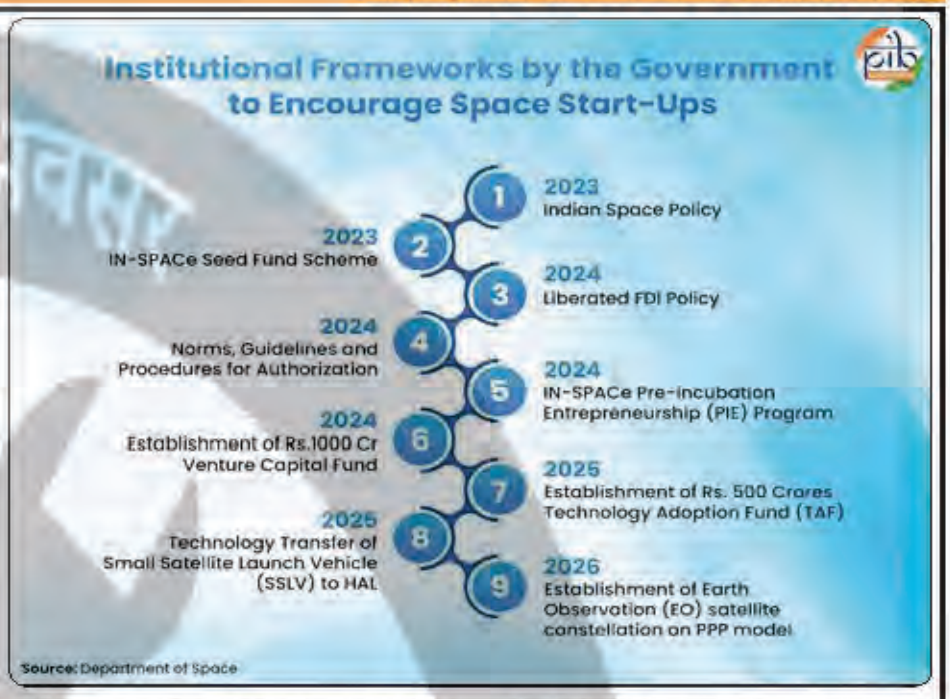

From National Capability to Global Opportunity

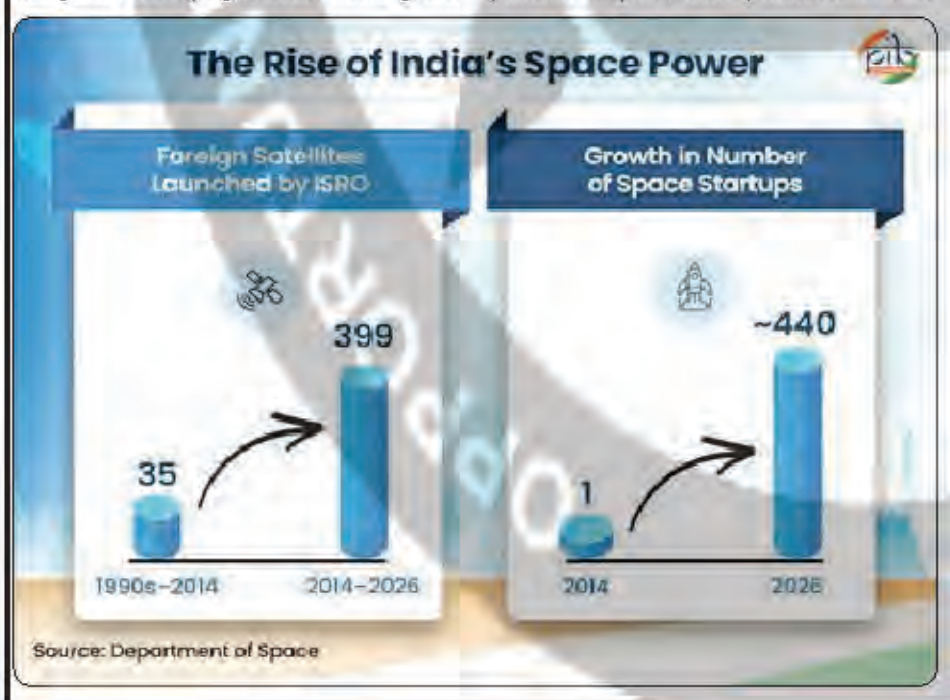

India's new-age space technologies represent a strategic investment in scientific excellence, technological self-reliance and economic opportunity. The progress made in launch systems, reusable vehicle technologies, electric propulsion, autonomous docking, navigation and Earth observation is building the foundations of a more capable and enterprise-led space economy.

The ambition to reach a US$44 billion space economy by 2033 will require innovation, investment, competitive enterprises and skilled professionals. For India's young people, the expanding space ecosystem offers opportunities to contribute through research, engineering, data analysis, manufacturing, software and business development.

The future of India's space programme will be measured not only by the missions it undertakes, but also by its ability to convert technological progress into productive capacity, skilled employment and solutions that benefit society. By combining scientific ambition with talent development and wider industrial participation, India can continue its journey towards self-reliance while opening new horizons for its workforce.

Government of India
Directorate General
Central Industrial Security Force
(Ministry of Home Affairs)
Block-13, CGO's Complex, Lodhi Road, New Delhi-110003

Filling up of 03 vacancies of Private Secretary in Central Industrial Security Force, on deputation basis: Regarding

Applications are invited to fill up 03 (Three) posts in the rank of **Private Secretary** (General Central Services Group "B" Gazetted, Ministerial) in CISF in Pay Level-7 (Rs. 44900-142400) in Pay Matrix as per 7th CPC) on deputation basis for a period of 03 years. The selected candidate is liable to be posted in Mumbai, Ranchi & Guwahati.

Last date of receipt of application : 60 days from the date of publication of this advertisement in the Employment News.

For details, kindly log on to the CISF website : www.cisf.gov.in.

Tata Memorial Centre

Homi Bhabha Cancer Hospital and Research Centre, Punjab
(An Autonomous Body Under the Department of Atomic Energy, Govt. of India)

FULL TIME POSITIONS AVAILABLE

ADVT. NO.-TMC/PUNJAB/AD/05/202605/10/2026

Tata Memorial Centre (TMC) invites application for full time positions at Homi Bhabha Cancer Hospital & Research Centre, New Chandigarh/Sangrur, Punjab.

SR. NO.	Post	No. of Post and Reservation	Pay Level	Education Qualification	Experience	Age Limit
01	MEDICAL OFFICER 'F' (MEDICAL ONCOLOGY)	01-UR	Level 13	**Education Qualification:** D.M./D.N.B. (Medical Oncology) or equivalent postgraduate degree recognized by National Medical Commission.	**Essential Experience:** Minimum 5 years' post D.M. / D.N.B. experience in Medical Oncology.	50 Years
02	MEDICAL OFFICER 'F' (INTERVENTIONAL RADIOLOGY)	01-UR	Level 13	**Education Qualification:** D.M. (Intervention Radiology) or equivalent postgraduate degree recognized by National Medical Commission. **OR** M.D./D.N.B. (Radio-diagnosis) or equivalent postgraduate degree recognized by National Medical Commission.	**Essential Experience:** **For D.M. (Interventional Radiology)-** Minimum 05 years' experience post D.M. **For M.D. / D.N.B.-** Minimum 08 years' experience post M.D./D.N.B. after post-graduation.	50 Years
03	MEDICAL OFFICER 'E' (INTERVENTIONAL RADIOLOGY)	01-UR	Level 12	**Education Qualification:** D.M. (Interventional Radiology). **OR** M.D./ D.N.B. (Radiodiagnosis) recognized by National Medical Commission	**Essential Experience:** **For D.M. :** Experience not required. **For M.D. / D.N.B. (Radiodiagnosis):** 03 years' experience post M.D. / D.N.B. in Interventional Radiology.	45 Years
04	MEDICAL OFFICER 'E' (RADIODIAGNOSIS)	01-UR	Level 12	**Education Qualification:** M.D. / D.N.B. (Radiology / Radio-diagnosis) or equivalent postgraduate degree recognized by National Medical Commission.	**Essential Experience:** 3 years' post M.D./ D.N.B. experience in Radiodiagnosis.	45 Years
05	MEDICAL OFFICER 'E' (NUCLEAR MEDICINE)	01-UR	Level 12	**Education Qualification:** M.D. / D.N.B. (Nuclear Medicine) or equivalent degree in Nuclear Medicine recognized by National Medical Commission.	**Essential Experience:** 3 years' post M.D. / D.N.B. experience in Nuclear Medicine.	45 Years
06	MEDICAL OFFICER 'E' (GYNAEC ONCOLOGY)	01-UR	Level 12	**Education Qualification:** M.Ch. / D.N.B. (Gynaec Oncology) or equivalent postgraduate degree recognized by National Medical Commission. **OR** M.D. / D.N.B. (Obstetrics & Gynaecology) or equivalent postgraduate degree recognized by National Medical Commission.	**Essential Experience:** **(a) M.Ch. / D.N.B. (Gynaec Oncology):** Minimum 1-year experience in Gynaec Oncology either during M.Ch. training or Post M.Ch. **(b) MD. / D.N.B. (Obstetrics & Gynaecology):** Minimum 3 years' experience after post-graduation in Gynaec Oncology.	45 Years
07	MEDICAL OFFICER 'E' (PULMONARY MEDICINE)	01-UR	Level 12	**Education Qualification:** M.D. or D.N.B. (Respiratory Medicine/ Pulmonary Medicine/ TB and Chest Diseases) or equivalent post graduate degree recognized by National Medical Commission. **OR** D.M. (Pulmonary Medicine/ Pulmonary and Critical Care Medicine) or equivalent post graduate degree recognized by National Medical Commission.	**Essential Experience:** **For D.M. (Pulmonary Medicine / Pulmonary and Critical Care Medicine):** Experience not required. **For M.D./ D.N.B. (Respiratory Medicine/Pulmonary Medicine/ TB and Chest Diseases):** Minimum 3 years' post M.D. / D.N.B experience in Pulmonary Medicine. **Desirable Experience:** It would be desirable that candidates possess reasonable skills in EBUS, Medical Thoracoscopy and basic & advanced bronchoscopy procedures. It would be desirable that candidates possess prior work experience in an Oncology Centre. A documented track record of clinical research and publications would be desirable.	45 Years
08	SCIENTIFIC OFFICER 'D' (CENTRAL STERILE SERVICE DEPARTMENT (C.S.S.D.))	01-UR	Level 11	**Essential Qualification:** M.Sc. in Chemistry / Physics / Zoology / Microbiology / Biochemistry / Molecular Biology/ Biotechnology from a recognized Institution / University with minimum 50% marks.	**Essential Experience:** Minimum 05 years of experience in relevant field. **Desirable Qualification & Experience:** Post Graduate Diploma / Degree in Hospital Management is preferable.	40 Years
09	MEDICAL PHYSICIST 'C'	01-ST & 1-SC	Level 10	**Essential Qualification:** M.Sc. (Physics) and Diploma in Radiological Physics or Equivalent AERB approved qualifications. Certification of Radiological Safety Officer from AERB.	**Essential Experience:** 1 year clinical experience as Medical Physicist with state of art technology. **Desirable Experience:** Computer programming skills in C++, MATLAB, Python etc. is desirable.	35 Years
10	SCIENTIFIC OFFICER 'SB' (BIOMEDICAL)	01-UR	Level 08	**Essential Qualification:** B.E. / B. Tech (Biomedical)	**Essential Experience:** 3 years' experience out of which 1 year in hospital setup.	35 Years
11	SCIENTIFIC ASSISTANT C (NETWORK ASSISTANT)	01-UR	Level 07	**Essential Qualification:** B.Sc/M.Sc. in I.T. / Computer Science or any Engineering graduate with 50% marks from a Govt. recognized Board/University.	**Essential Experience:** Minimum 3 years of hands on work experience in configuration/ Trouble shooting / maintaining large IT setup including i-series(AS/400) System operations Additionally, Administration of Windows server (ADS,DNS,IIS etc.), IBM Tivoli facility management server, antivirus server, email server is essential. Candidate should be proficient in configuration and troubleshooting of various network equipment like L2 and L3 switches, routers. Wi-Fi networking components etc. Candidates should be conversant with network security and firewall. **Desirable Experience:** Preference will be given to the candidates having professional CCNA certification. Candidate having prior relevant experience of working in Healthcare industry will be preferred.	35 Years

Last date for submission of online application is 20/11/2026 Upto 05.30 p.m. (Indian Standard Time)

Government of India

Ministry of Ayush

Vacancy Circular

Filling up of one (01) post of Director General in the Central Council for Research in Homoeopathy (CCRH), New Delhi, on deputation/short-term contract basis - reg.

It is proposed to fill up one (01) post of **Director General** in the Central Council for Research in Homoeopathy (CCRH), New Delhi, an autonomous research organization under the Ministry of Ayush, Government of India.

The post carries Level-14 of the 7th CPC Pay Matrix (Rs. 1,44,200-Rs. 2,18,200), plus NPA and other admissible allowances, and shall be filled on deputation/short-term contract basis for a period of five (05) years or until the incumbent attains the age of superannuation, whichever is earlier.

Detailed eligibility conditions and the prescribed application format are available at **Annexure-I** and **Annexure-II**, respectively, and on the websites of the Ministry of Ayush **(https://ayush.gov.in)** and CCRH **(https://ccrhindia.ayush.gov.in)**.

Eligible candidates shall submit their applications, duly completed and forwarded through the proper channel, to **Under Secretary, Homoeopathy Section, Ministry of Ayush, Ayush Bhawan, B-Block, GPO Complex, INA, New Delhi-110023 (Tel. 011-24651970), within 60 days from the date of publication of this circular in *Employment News/Rozgar Samachar*.** Advance applications shall not be entertained, and late applications shall be rejected.

Sanskriti Samvardhan Mandal's

Krishi Vigyan Kendra, Sagroli (Nanded-II)

At. Post Sagroli, Tq. Biloli, Dist. Nanded, Maharashtra- 431731, India

Funded by Indian Council of Agricultural Research (ICAR) - New Delhi

Applications are invited to the following vacant post under scheme of Krishi Vigyan Kendra, under the administrative control of Sanskriti Samvardhan Mandal Sagroli Dist. Nanded Maharashtra. The Positions are co-terminus with the Scheme.

Sr.	Post	Pay Scale	Age limit	Qualifications
1.	**Subject Matter Specialist/ T-6 (Agronomy)– One post**	PB-3 Rs. 15600-39100 with Grade Pay Rs. 5400 (Level 10 in 7th CPC)	35 Years	**Essential:** Master's degree in Agronomy or Equivalent qualification from a recognized University. **Desirable:** Ph.D /NET & 2 years work experience in relevant field, working knowledge of Computer, Word and data processing.
2.	**Tractor Driver/T-I - One post**	PB-1, 5200-20200, GP-2000 (Level 03 in 7th CPC)	30 years	**1.** Matriculation pass qualification from a recognized board. **2.** Possession of a valid and appropriate driving license for both heavy and light vehicles from prescribed Government Authority (the candidate will have to pass the practical skill test to be taken by an appropriate Committee of Institute / Hqrs.). **Desirable** **1.** One year trade certificate in the relevant field from ITI; **Or** **2.** Experience of driving in a recognized Institution; **Or** **3.** Experience of motor mechanic work.

Last date of the receipt of the filled applications will be 30 days from the date of the publication of the advertisement in the Employment News.

सशस्त्र सेना चिकित्सा सेवाएँ : 2026
चिकित्सा अधिकारी (अल्प सेवा कमिशन) के रूप में भर्ती हों
Armed Forces Medical Services : 2026
Join as Medical Officer (Short Service Commission)
(केवल ऑनलाइन आवेदन ही स्वीकार किए जायेंगे)

(ONLY ONLINE APPLICATIONS WILL BE ACCEPTED)

ऑनलाइन आवेदन के लिए पंजीकरण (www.join.afms.gov.in) **09 नवम्बर** 2026 से 18 नवम्बर 2026 तक किया जा सकता है.

REGISTRATION FOR ONLINE APPLICATION (www.join.afms.gov.in) WILL OPEN FROM 09 NOV 2026 TO 18 NOV 2026.

1. Applications are invited from physically fit and mentally robust Indian citizens, both male and female, desirous of joining the AFMS as Medical Officers (Short Service Commission), who have passed their final MBBS (Both Part I & II) examination in not more than two attempts and **have completed their internship by 30 Sep 2026 and have appeared in the NEET PG examination (anytime during the last two years i.e. 2025 or 2026). Doctors having Post Graduate degree will be considered on the basis of previous NEET PG result (on the basis of which they were given admission in PG Degree Course). They will not be required to appear in the NEET PG examination again. Applicants who have taken more than two chances in final MBBS (Part I or II) Examination are ineligible and hence should not apply.**

2. VACANCY: **120** (**90** for male + **30** for female).

3. QUALIFICATION: The applicant must possess medical qualification included in the National Medical Commission Act 2019. The applicant must have permanent registration from any State Medical Council/MCI/NMC. Post Graduate Degree holders recognized by State Medical Council/MCI/NBE/NMC may also apply.

4. AGE LIMIT: Candidate must not have attained the age of **30 years** as on **31 Dec 2026** if holding an MBBS degree (only those born on or after **02 Jan 1997** are eligible) and must not have attained the age of **35 years** as on **31 Dec 2026** if holding a PG degree (only those born on or after **02 Jan 1992** are eligible).

5. SHORTLISTING OF CANDIDATES FOR INTERVIEW: Applications completed in all respects will be further scrutinized/ filtered on the basis of percentile obtained in NEET PG entrance examination. In case of those candidates, whose NEET PG results were declared in absolute score, the same will be converted into percentile. Based on above criteria, separate lists for male & female candidates will be prepared in the descending order of NEET- PG score merit and candidates will be called for interview based upon the above mentioned list of each category. **For candidate pursuing PG degree, the final PG result should be declared by 18 Nov 2026, (the last date of accepting the online application). Otherwise candidature will not be considered.**

6. Interview will be conducted at **Delhi** tentatively in the month of **December 2026**.

7. FEE: Rs. 200/- (Rupees Two Hundred only) Payable online only.

8. ADMIT CARD (CALL LETTER) FOR INTERVIEW: Admit card (Call letter) for the candidates shortlisted for interview will be available on the website **www.join.afms.gov.in.** The information in this regard will be made available on the website **www.join.afms.gov.in.** Admit card (Call letter) for interview will not be provided through Post.

9. DETAILED NOTIFICATION: Available on the website **www.join.afms.gov.in** from **07 Nov 2026** onwards.

10. IMPORTANT INSTRUCTIONS:

- ONLINE PAYMENT TRANSACTION NUMBER IS REQUIRED TO BE SAVED FOR QUOTING IN FUTURE ENQUIRIES / CORRESPONDENCE.
- CANDIDATES SHOULD CHECK THE WEBSITE AND THEIR REGISTERED EMAIL REGULARLY FOR UPDATES REGARDING INTERVIEW DATES AND OTHER RELEVANT DETAILS.
- PLEASE CARRY THE ORIGINAL AND TWO ATTESTED PHOTOCOPIES OF ALL DOCUMENTS AS MENTIONED IN THE WEBSITE FOR VERIFICATION AT THE TIME OF INTERVIEW.
- ANY VARIATION IN THE DETAILS PROVIDED AND DOCUMENTS SUBMITTED ONLINE MAY LEAD TO REJECTION OF CANDIDATURE.

11. Sports and Adventure. Indian Air Force provides state of the art facilities to participate in various sports and adventure activities (sky diving, micro light flying, mountaineering, water rafting etc.).

IMPORTANT INSTRUCTIONS

12. Eligible candidates are to register online through separate tabs available for AFCAT Entry/ NCC Special Entry/ GATE Score Entry. Candidates eligible for one/more entries are to register separately in each entry.

Continued on page 17

Continued from page 16

13. Tattoos. The policy on permanent body tattoos is as follows:-

13.1. Permanent body tattoos are not permitted on any other body part either visible or non-visible part, except on the Inner face of forearms i.e. from Inside of the elbow to the wrist of both the hands and Reverse side of the palm/ back (dorsal) side of both hands for which a candidate will be required to sign a Self-declaration Certificate. Small innocuous tattoos that are not prejudicial to good order and military discipline, are permitted e.g. religious symbols or names of near and dear ones etc.

13.2. Tribes with tattoo marks on the face or body as per their existing customs and traditions will be permitted on a case to case basis.

14. Narcotics/ Psychotropic Substances. Use/ possession of narcotics/ psychotropic substances is banned. Candidate may be tested for presence of drugs in the body during Medicals and subsequently during training. If candidate is found to be using/ in possession of narcotics during any time of training, candidate would be debarred from joining the Indian Air Force.

15. Conduct of Online Testing for AFCAT Examination and Fee Structure. Online testing will be conducted for AFCAT entry at various centers. Candidates registering for AFCAT entry will have to pay an amount of Rs. **550/- + GST (non- refundable)** as examination fee. **However, candidates registering for NCC Special entry and GATE Score Entry are not required to pay examination fee.** Details of conduct of exam, examination centers and mode of payment are available in the notification.

16. Marital Status: Candidates must be unmarried at the time of commencement of the course and marriage is not permitted during training. A candidate who marries during the period of training shall be discharged and will be liable to refund all expenditure incurred on him/ her by the Government.

17. Candidates are required to maintain their unique registered E-Mail ID and Mobile phone number active throughout the selection process.

18. Please note that information filled up by the candidates in online application form will be considered final and no amendments will be allowed subsequently. Candidates should exercise due care while entering their date of birth.

19. Travel Allowance (TA). To and fro travelling fare by the shortest route of AC-III Tier/ AC Chair Car or actual normal bus fare will be reimbursed to the candidates appearing in Air Force Selection Board for the first time. For all other modes of travel, TA will be admissible as per the Government authorized rules. **No TA is admissible, if you have already appeared for the same type of entry at any of the Selection Boards.** Candidates are to furnish the correct and active Saving Bank Account which needs to be in their name and no other name or Bank Accounts like Sukanya Samridhi etc will be acceptable for transfer of the claim. In case of any delay in furnishing admissible tickets/bank account etc, a maximum period of one month from the date of commencement of SSB will be considered after which no TA claim will be paid and the amount will be returned to the Government. No further queries/claims will be accepted in this regard.

20. Physical Conditioning. You are advised to be physically fit when you report for SSB in order to be able to undergo the tests at AFSB. Prospective candidates are also advised to keep themselves in good physical condition to adapt to physical training at AFA which encompasses running, swimming, rope climbing and other forms of physical training/ conditioning in which they would undergo mandatory tests during training.

21. Query. For queries related to conduct of online examination, registration process and admit cards contact **+91 9513252077** or E-Mail **afcathelpdesk@edcil.co.in**. For queries regarding eligibility, allotment of AFSB centers, date of AFSB interview, merit list and Joining Instructions contact **011-23010231 Extn 7610** or Toll free number **1800-11-2448.**

22. Disclaimer. Information given in the advertisement and on the website are only guidelines. In case of any ambiguity, the existing policies, rules and regulations of IAF/ Govt. of India as amended from time to time will be final and binding. **Terms and conditions given in the advertisement are only guidelines and are subject to change without notice.**

23. Statutory Warning. Selection in the Indian Air Force is fair and merit based. Attempt to influence the selection process at any stage, or use of any unfair means like forgery, impersonation or supplying false information etc. is liable to lead to termination of candidature and/or initiation of service and legal action against the concerned individual.

6. In-order to restrict the number of candidates for further selection process, if so required, the management reserves the right to conduct multi-stage selection process which may comprise of application shortlisting/screening (based on qualification/percentage of marks, no. of years of required post-qualification experience etc.), written/computer-based test, personal interview etc. or combination of the above OR to raise the minimum eligibility standards/ criteria, as per requirement.
7. It is pertinent to mention that the mere fact that a candidate is fulfilling the minimum eligibility criteria as prescribed in the advertisement would not bestow on him/ her the right to be shortlisted/called for written test/Interview or to be considered further for the selection process.
8. Posting shall be at **Great Nicobar Island (GNI)**. However, posts are transferable to any of NTPC's Offices/Stations/Projects/JVs/Subsidiaries, based on organizational requirements and at the sole discretion of the Management.
9. While applying for the post, the applicant should ensure that he/she fulfills the eligibility and other norms mentioned above, as on the specified dates and that the particulars furnished are correct in all respects. In case it is detected at any stage of recruitment that a candidate does not fulfill the eligibility norms and/ or that he/ she has furnished any incorrect/ false information or has suppressed any material fact(s), his/her candidature will stand automatically cancelled. If any of the above shortcomings are detected even after appointment his / her services are liable to be terminated without any notice. Canvassing in any form shall disqualify the candidate.
10. Any proceedings in respect of any matter of claim or dispute arising out of this advertisement and/ or an application in response thereto can be instituted only in Delhi and courts/ tribunals/ forums at Delhi only shall have sole and exclusive jurisdiction to try any such case/ dispute.
11. In case of any ambiguity/dispute arises on account of interpretation in versions other than English, the English Version will prevail

HOW TO APPLY

1. Interested candidates should log on to our website **careers.ntpc.co.in** to apply. Only online applications will be accepted. No other means/mode of application shall be accepted. Candidates are required to possess a valid email ID. NTPC will not be responsible for bouncing of any email sent to the candidates.
2. Candidate belonging to General/EWS/OBC category is required to pay a non-refundable application fee of Rs. 500/-. The SC/ST/PwBD/XSM category & female candidates need not pay the application fee.

   Payment in offline mode: State Bank of India has been authorized to collect the application fee, in a specially opened account **(A/C No. 30987919993)** at CAG branch, New Delhi (Code: 09996), on behalf of NTPC. Candidate has to approach the nearby SBI branch with a printout of the "pay-in-slip" which is available on the application portal. The pay-in-slip printed from the portal should only be used for depositing the fee for proper crediting of amount in the allocated account. On receipt of the money, the bank will issue a unique Journal Number and a Branch Code of the bank collecting the money. This journal number and the branch code are to be filled up by the candidate during an online application. NTPC will not be responsible, in case a candidate deposits the fee in the wrong account.

   Payment in online mode: Candidates also have the option to pay the fees online (through Net banking/ Debit Card/ Credit Card). The online payment option will be available in the online application form.
3. Fees once paid will not be refunded under any circumstances. Candidates are therefore requested to verify their eligibility criteria before paying the application fee.
4. After applying online, the candidate is required to download the application slip generated by the system with unique application number. Copy of application slip may be retained by the candidate for future reference. No document is required to be sent to us by post.
5. It is mandatory that eligible candidates go through the full text of the advertisement and agree to all the conditions given, while applying for the post. Any further addendum/corrigendum/updates will only be published on our website.
6. **Uploading of Documents: The candidates should necessarily upload all documents while applying. Applications with incomplete/insufficient documents are liable to be rejected/ not considered for further process.**

List of documents is given here:

i. Class X passing certificate/ Marksheet, PAN Card and Aadhar Card (Name & DOB should appear in conformity on all documents)
ii. B.E/B.Tech. Degree in required Engineering discipline - Final/Provisional certificate
iii. Consolidated Marksheet/ Transcript/ all semester marksheets clearly indicating aggregate % of marks in all semesters
iv. Marks conversion formula from the university/Institute for conversion of marks in CGPA/CGPI/DGPA/CGI/CPI etc. into percentage (%)
v. Caste/Disability certificate (For EWS/OBC-NCL/SC/ST/PwBD candidates) as applicable
vi. OBC-NCL certificate should be in central format for the current financial year (FY 2026-27)
vii. EWS candidates need to submit current year Income & Asset certificate in the prescribed format i.e. the certificate should be valid for FY 2026-27 based on the income of FY 2025-26.
viii. Disability certificate should be as per the latest prescribed central Govt. Format generated online through the Swavalamban/UDID portal (clearly indicating the type and percentage of disability) in line with the identified disability for the posts as mentioned in this advertisement.
ix. All experience related documents for one organization/company need to be placed together in a chronological order, starting from the first to the last/ current company. Document set should include (but not limited to) the following documents to corroborate the required experience eligibility: Experience/Service certificate (as per NTPC prescribed sample format), Offer of Appointment/ Appointment letter/Offer Letter + Confirmation/Absorption Letter/Order on completion of training (if any), Joining Order/Letter, Role Assignment orders, Promotion orders, Transfer orders, Organization charts etc. to corroborate the work area/department/section, 02 pay slips per every year, Form -16 for each organization.

Commencement of online application: 30.10.2026

Last date for online application: 13.11.2026 (Till 06 PM)

PM Modi Launches Development Projects Worth Over ₹14,000 Crore in Gujarat, Releases 24th PM-KISAN Instalment

Prime Minister Shri Narendra Modi has launched, inaugurated and laid the foundation stones for development projects worth over ₹14,000 crores in Banaskantha, Gujarat, celebrating the 151st birth anniversary of Sardar Vallabhbhai Patel, on October 30, 2026. The projects launched, include a bovine breeding centre, two Bio-CNG plants, Ahmedabad Metro expansion, Anganwadi centres and rail services. During the programme, the Prime Minister also released ₹19,000 crores under the 24th instalment of the Pradhan Mantri Kisan Samman Nidhi (PM-KISAN) scheme, providing financial assistance to more than 9.34 crore farmers across the country.The initiatives cover agriculture, animal husbandry, transport infrastructure, urban connectivity, rural development and child welfare. Under the PM-KISAN, the amount is directly credited into the bank accounts of over 9.34 crore eligible farmers through the Direct Benefit Transfer (DBT) mechanism. The eligible farmer families receive annual financial assistance of ₹6,000 in three equal instalments of ₹2,000 each.

Union Cabinet Approves Pradhan Mantri Viksit Gram Swaraj Yojana

The Union Cabinet, chaired by Prime Minister Shri Narendra Modi, approved the Pradhan Mantri Viksit Gram Swaraj Yojana (PM-VGSY) as a Centrally Sponsored Scheme for implementation from 2026–27 to 2030–31. It aims to transform Panchayats into empowered, self-reliant, accountable and high-performing institutions of local self-government, in line with the vision of Viksit Bharat. Briefing media in New Delhi, Union Minister for Information and Broadcasting, Shri Ashwini Vaishnaw said that the scheme has a total financial outlay of ₹ 7,395 crore and the duration of the scheme is for five years from 2026-27 to 2030-31. He said, the scheme applies to all States and Union Territories, including rural local governance institutions in non-Part IX areas where Panchayats do not exist. It will cover more than 2.78 lakh Rural Local Bodies and Traditional Bodies across the country. Shri Vaishnaw said, around 32 lakh elected representatives, along with Panchayat functionaries and other stakeholders, across over 2.55 lakh Panchayats and Traditional Local Bodies will be direct beneficiaries of the scheme.

12th BRICS Parliamentary Forum Concludes in New Delhi with Joint Declaration

The 12th BRICS Parliamentary Forum concluded in New Delhi on October 27, 2026 with the adoption of a Joint Declaration reaffirming the commitment of participating countries to parliamentary cooperation, peace and people-centric development. The two-day forum was inaugurated by Lok Sabha Speaker Om Birla and organised under the theme Fostering Parliaments for People-Centric Development. The Joint Declaration emphasised the need for reform of the United Nations Security Council and greater representation of the Global South in international governance. Participating countries condemned cross-border terrorism, terror financing and the provision of safe havens to terrorists. The forum also discussed the importance of transparent and accountable democratic institutions, responsible use of artificial intelligence, technological innovation and sustainable development. During the concluding session, the BRICS Parliamentary Forum chairship was handed over to China for 2027.

ECONOMY

Union Cabinet Approves Container Manufacturing Promotion Scheme with ₹ 10 Crores outlay.

The Union Cabinet has approved the Container Manufacturing Promotion Scheme to promote domestic manufacturing. The total outlay for the scheme is ten thousand crore rupees for 13 years upto Financial Year 2039-40. The scheme aims to establish a globally competitive container manufacturing ecosystem in India, reduce import dependence and strengthen supply chain resilience. Briefing media after the Union Cabinet meeting, Information and Broadcasting Minister, Shri Ashwini Vaishnaw said that the scheme has four components including Interest Subvention Assistance, Testing and Certification assistance, Land Leasing support and Operational Expenditure Assistance. He added that the scheme will generate an estimated 3,000 direct jobs and over 50,000 indirect jobs, while supporting ancillary industries such as corner castings, specialised steel, wooden frames and paints.

Govt. notifies constitution of National Social Security Board for unorganised gig and platform workers

The government has notified the official constitution of the National Social Security Board for unorganised gig and platform workers. The Board will be presided over by the Union Minister for Labour and Employment and will comprise representatives from Central and State Governments, prominent aggregator companies, employers, civil society organisations, workers' unions, and gig and platform Associations. The Ministry of Labour and Employment said that the Board is mandated to design, monitor, and recommend targeted welfare schemes to bridge the social security gap for millions of gig and platform workers alongside traditional unorganised workers.

INTERNATIONAL

G-20 Foreign Ministers Disucss Global Economy and Security Challenges

External Affairs Minister Dr S. Jaishankar attended the two-day G20 Foreign Ministers' Meeting held in Atlanta, United States. The meeting was hosted by US Secretary of State Marco Rubio and brought together representatives of the world's major economies to discuss global economic and security challenges. The discussions focused on global energy security, disruptions to international supply chains, freedom of navigation, critical minerals and the impact of geopolitical tensions on economic stability. Developments in West Asia and disruptions around the Strait of Hormuz were among the major concerns discussed during the meeting.India's participation in these multilateral engagements provided an opportunity to advance its diplomatic priorities and contribute to discussions on global economic stability, energy security and international cooperation.

India Offers to Share Counter-Terrorism Expertise with ASEAN Partners

Defence Minister Shri Rajnath Singh offered to share India's battle-tested counter-terrorism expertise with ASEAN member countries and their dialogue partners to strengthen collective security and operational capabilities. Addressing the 13th ASEAN Defence Ministers' Meeting-Plus (ADMM-Plus) in Cebu, Philippines, on October 29, 2026, he reaffirmed India's commitment to regional security and the elimination of terrorism in all its forms. Shri Rajnath Singh underlined that terrorism transcended national boundaries and required coordinated international action. He expressed India's readiness to share its operational experience with ADMM-Plus partners through joint military exercises, capacity-building programmes and intelligence sharing to strengthen collective counter-terrorism capabilities.

SPORTS

Cabinet approves the Khelo India Sports Goods Manufacturing Scheme

The Union Cabinet has approved the Khelo India Sports Goods Manufacturing Scheme to position India as a global hub for high-quality sports goods. Giving details about the scheme, Union Minister Shri Ashwini Vaishnaw said that that the scheme has an approved outlay of over 1856 crore rupees over 8 years'period from 2026-27 to 2033-34. He said, the scheme will support the development of a globally competitive sports goods industry and strengthen India's position in global supply chains. Shri Vaishnaw said that the Scheme envisages the development of dedicated Sports Goods Manufacturing Zones (SGMZs) to promote cluster-based manufacturing and create integrated industrial ecosystems. Shri Vaishnaw added that incentives and interventions are the two parts of the scheme where incentive supports manufacturing while intervetion builds the wider ecosystem.
